## DIY Advanced Directives: Five Wishes Workshop

Do your loved ones know *YOUR* wishes?

- Who will make care decisions for you when you aren't able?
- What kind of medical treatment will you want?
- How comfortable would you like to be?
- What do you want your loved ones to know?

The best time to make these decisions is now, before you face a health crisis or life-threatening accident, no matter how young or old you are.

Join us for an informative workshop to complete your own Five Wishes document, an easy-to-use legal advanced directive written in everyday language. Five Wishes includes your personal, emotional and spiritual needs as well as your medical wishes. Everyone in attendance will receive a free Five Wishes workbook.

Monday, April 24 & May 1 at 10:00 a.m.
